Maths skills to practise:

Counting forwards and backwards to 100

Counting in 2s, 5s and 10s

Sharing games - finding half and quarter of an amount

Please make sure you have activated your Maths With Parents account

(www.mathswithparents.com) as there are lots and lots of activities on here specific to your age group. There are also videos for parents to show how each subject area is taught in class. Your class code has been sent home with your child, or is included in this pack if your child has been absent.

English to practise:

Reading, reading, reading!

Reading and spelling Year 1 or 2 Common exception words.

Write a few sentences about your day, making sure to start with a capital letter and to finish with a full stop.

We have included a small exercise book in your pack for story-writing, or perhaps to keep a diary.

Other activities:

Baking, gardening and board games all build essential skills!

Ball games and skipping in the garden or back yard could keep you all fit - how about trying to beat your personal best every day and see how much you can improve?

Please make sure you have activated your Class Dojo account

(<https://www.classdojo.com>) I will be checking this every day. Please feel free to use this to contact us if you need support in any way. We are still here to help. We will answer messages between 9.00am and 4.00pm each weekday leading up to the school holidays. We would love it if you stayed in touch. You can also upload photographs onto Class Dojo if you would like us to look at any work you have done. We understand that we are in unusual times and we all need to work together to ensure the children are as settled as possible.

Please take care of each other, and we hope to see you all very soon.
